Studying English Abroad During COVID-19

At EC English, you, our students, come first. We do not react, and we do not settle for the “easy fix”. We research. We reflect. We make decisions based on the best learning outcomes. We are continuously monitoring the coronavirus (COVID-19) situation in all of our schools. We will continue to comply with the national advice for each location and do everything possible to secure the safety of our students and staff.

Adapt. Stay Positive. Develop.

All teachers have been trained to deliver fun and effective learning, despite the constraints of social distancing. They do this while continuing to protect the safety of our students and team members. This is our top priority.

In the event that quarantine is necessary or a city goes into lockdown our students can continue learning via EC Virtual, using the same course content to help you learn, develop, and progress the same way as if you are in face-to-face lessons. As always, your success is our ultimate goal and we will continue to do whatever we can to ensure you succeed.

Safety While Learning

- Signs are posted prominently throughout the school to remind us of the importance of social distancing and hygiene
- Face coverings, face masks and face shields are all part of the new normal for you, your classmates and staff in all EC schools
- Hand sanitisers are stationed throughout all schools
- Classes sizes will be smaller to allow safe social distancing
- Furniture is arranged to allow safe social distancing
- Floor markings give clear guidance on social distancing
- Regular, vigorous cleaning practices will ensure our schools are as safe as possible for you

EC will follow local protocols for any staff or students who may show symptoms of or test positive for COVID-19

For individual school safety advice [please read our resources online.](#)

Your Home – Your Choice

Your options vary from destination to destination but your home away from home is waiting for you. Details of accommodation types available in each city can be found on the destination pages, 48 to 113.

Homework at homestay

Find Your Home

Wherever you lay your head is home; where will you call home when you study with EC? We provide a range of hand-picked options to suit your individual tastes and budget.

The independent among you will love our residences, houses, apartments and aparthotels. Each one ranges from a standard accommodation to those offering added amenities, which could be an on-site gym, home cinema or a swimming pool, with a lot more besides.

Alternatively, to truly experience the local lifestyle, why not stay with a host and join their way of life. Being a part of the day-to-day routine in a homestay can be a great way to forge lasting relationships and witness the local culture first-hand.

Most importantly, wherever you choose, you'll make great friends and have plenty of opportunities to practice English together as you create a little corner of the world to call your own. Your home away from home.

For students, EC Online is an amazing tool that allows them to take control of their own learning. They can use it to plan ahead, do extra practice and measure their progress. As a teacher, I love it because it provides all the information about a student that I need to really help my students improve and it allows me to create individualised work plans for each of them.

A Typical Lesson

STEP 1

SETTING CLEAR OBJECTIVES

Class begins with your teacher discussing the objective for the lesson with the class. You are encouraged to think about how each thing you learn today will help you in your life outside the class. The objective for today is to be better able to order food in a restaurant.

STEP 4

PRACTISING THE LANGUAGE

You practise with your partner and they give you feedback on your pronunciation; you give them feedback on the adjectives they use. You practise the conversation again.

STEP 2

LANGUAGE DEVELOPMENT

Class listens to an example of two people ordering food. Analyse this conversation with your partner, learning adjectives for describing food, how to ask questions about the menu politely and how to order food naturally. Throughout the lesson, work on your pronunciation and intonation.

STEP 5

GETTING FEEDBACK

Your teacher gives you feedback on how you've done. The lesson ends by returning to the lesson objective and discussing what you have learnt and how you can use it outside the classroom.

STEP 3

WHAT DOES SUCCESS LOOK LIKE?

Before practising the conversation, you discuss what a successful conversation looks like and decide what you want to focus on in your practice. You may decide to focus on your natural pronunciation and intonation, while your partner chooses to focus on their use of adjectives.

STEP 6

REAL LIFE PRACTICE

After class you go to dinner club on the social programme or go out with friends and order food in a real-life setting. During dinner, you discuss your experience with one friend from class. The next day, discuss the conversation in class with what you used from the lesson the day before.

We want to open the world to you, to your learning... where you do so, is your decision.

A Week in the Life of an EC London Student

Louisa, Swiss student at EC London

Monday

Thursday

Sunday

I have just unpacked my things at my home for the next month and am now reading about my school and schedule on **EC Online**. I have been studying for one week on **EC Virtual** already and tomorrow is my first face-to-face class. A new city, a new language and a whole new experience. I can't wait!

Relaxing in a residence at EC London

Monday

Today, I got to the school and there was **literally an orange carpet** at the entrance! I felt like a celebrity! The staff and teachers were so friendly and they helped with any questions I had about my course. We had an **orientation talk** to welcome us to the city which was very helpful. The whole day was really fun as we're all new and already I feel as though I'm making friends.

Tuesday

I'm in love with EC London and the city! It's buzzing and every day there's something new! It's only my first day of classes and it's challenging to speak English all day long but I can see how **my English will improve** during my time here. It helps that my teacher is so knowledgeable and makes learning such fun! We played some games to practise **English in a different way**. It helped break the ice with people too.

Wednesday

This morning, I went to a workshop called **Pronunciation Clinic** to help make my English sound more natural. It is so good to hear pronunciation explained by a teacher. I ate lunch with my classmates, then we went to our afternoon classes. This evening I went on the **London's Hidden Pubs** Tour organised by EC and had such fun! **The staff are great and so entertaining!**

Thursday

My classes were in the morning today, which meant I had the **afternoon free to explore** a little with some new friends. The school is **close to many tourist sights** so we walked around Camden Market, went on the London Eye and took a walk along bustling South Bank. It is lovely to feel like a local, to be able to walk into a café and talk to people as I order my coffee... I'm starting to think that maybe someday I could live and work here.

Friday

I went to another **free workshop** this morning, called **Grammar Q&A** and then to my classes in the afternoon. Having both in one day is **a great way to go over what I learned** at the Q&A. I can already feel myself understanding more and more in class and outside of it too. EC encourages us even when we make mistakes and I love that. I also saw some **students looking very happy during graduation** from their course today. This will hopefully be me by the end of my course too!

Saturday

Today was **the school trip to Cambridge**... what a beautiful city! Punting down the river Cam felt like a fairy-tale and afterwards, we went for the traditional cream tea where I tasted scones for the first time! It amazes me how each day is something new and even better than the one before. **My new friends, the teachers and staff are all wonderful** and to think I still have 3 weeks of this left to enjoy. Bring it on!

Celebrating Your Success

Learning English in Malta can be a life changing experience

Ivan Andres Padron Bazzarelli, 23, Venezuelan.

Your success is our goal and you can be confident that we will do everything we can to get you there! From beginners, improves to advanced levels of English language student, everyone studies English to find their voice. Each one has their own incentive, and their road to achieving their dreams through English. One of our past students, Ivan, tells us his story about how he came to study at EC and what his success means for him and to us.

Why did you come to study here?

In the beginning, when my father suggested I go to another country to learn English, I didn't want to. I was completely against that idea, I had been attached to my family, culture, friends, and my girlfriend. To be honest, I was terrified; it took me a long time to decide whether to take it or leave it. After a while I realised that I couldn't miss out on this great opportunity and I should face my fears and leave behind all those things that were holding me back.

Finally, when I took my decision to go abroad to learn English, I started to think about all those options which were on the table. Honestly, EC Malta was the last option I took into consideration to go abroad. First, I had looked at the other EC schools in USA, Canada, Ireland and United Kingdom but taking into consideration all the pros and cons my last decision was EC Malta.

I am thankful that I chose EC Malta because it has been my best experience so far.

Do you think you've reached your goals?

For sure I reached my English goals. In the beginning, my English was too basic in all the four skills. When I came to Malta I couldn't speak and understand, I was struggling to find the way to communicate with people.

I started in an Elementary level and after almost a year I finished in a Pre-Advanced level. Personally, it wasn't easy for me to get the skills and knowledge in every level I went through.

I studied a lot and many times I didn't succeed, so I got disappointed more than once because I was working hard but the achievement wasn't coming. My teachers helped me understand that this was just part of the learning process. The most important fact is that I never gave up and I kept going. With the support of my teachers and determination, I achieved so much!

After 11 months as an English student at EC Malta, I improved my English a lot, I feel I passed from nothing to a good English level. Nowadays, I can communicate and understand people surrounding me. I expanded my English knowledge.

I believe I can achieve even more. So, I don't have doubt that I can keep improving my English. Thankfully, my experience at EC Malta gave me the tools to do it.

What's your best memory from your period at EC?

Well, if we talk about memories, I had a lot but talking about the best memory, it cannot be denied that the best one is related to all the people I met from different countries around the world with different cultures, beliefs, mindsets, religions, etc.

Even though we are from different countries and sometimes from opposite cultures, we found a way to share our values and respect each other as human beings. It was amazing to spend time with all those people, share our traditional dishes, go out together and learn every day. In some cases, we created a real connection that we will never forget in our lives.

How was your experience in the Cambridge course?

The experience in the Cambridge course was one of the best experiences that I've ever had due to the way that the course is organised. Moreover, it was a great opportunity to create very good relationships with people from different countries and cultures.

What are your plans for the future? Do you think that this experience at EC Malta will help you achieve your goals?

After this course I will go to Barcelona to start my studies in Business Administration and Management. In addition, I think that this experience will help me a lot in my future plans and in achieving all my goals because here at EC Malta I have learned more than just English. I'm very glad for this experience and I wish that everyone has the chance to come and live this amazing journey that Malta has been for me.

Why we love EC San Francisco

"I call San Francisco a small city with a BIG mix. Around 40 iconic and distinct neighborhoods pack into this peninsula. Attend tech events in SoMa, hike the cliffs of Land's End, relax at the gardens/museums in Golden Gate Park, and don't forget iconic sites like the Golden Gate Bridge, Haight-Ashbury hippie neighborhood, and Alcatraz prison. It is an educated community that leads the country when it comes to diversity and change... "

These are just some of the reasons why so many people fall in love with San Francisco.

From the designer shopping experience in the malls to cool little independent cafes and restaurants in the Northern Quarter, there is something for everyone. You can go from the city to the countryside in 20 minutes and there are so many places to visit around here; the Lake District, the Peak District, Wales, York, Chester – beautiful places to relax in after a hard week's study! As the locals say, 'This is Manchester, we do things differently here!'"
